HOW TO MEASURE

A. ARM

Measure straight from center back neck to shoulder point, and from shoulder point to wrist with the arm in a relaxed position.

B. CHEST

Measurement under the armpits, around the fullest part of the chest, keeping the tape parallel to the floor.

C. WAIST

Measure around where you normally wear your pants, keeping the tape taut but not so tight that it digs. If you prefer a more relaxed fit, put a finger between your body and the tape measure.

D. HIPS

Measure around the fullest part of your hips and seat, keeping the tape parallel to the floor.

E. INSEAM

In a standing position measure from your crotch to the floor (without shoes).
